

Grand River Collegiate Institute
COURSE OUTLINE

For students and their families.

Course Name

Chemistry, Grade 11, University Preparation

Curriculum Document <http://www.edu.gov.on.ca/eng/curriculum/secondary/>

Course Code

SCH 3U

Prerequisite

SNC 2DI

Teacher

Mr. McCloskey

Contact

519-576-5100 (ext.6034)

Textbook Nelson Chemistry 11 (Replacement Cost: \$99.95)

Course Description:

This course enables students to deepen their understanding of chemistry through the study of the properties of chemicals and chemical bonds; chemical reactions and quantitative relationships in those reactions; solutions and solubility; and atmospheric chemistry and the behaviour of gases. Students will further develop their analytical skills and investigate the qualitative and quantitative properties of matter, as well as the impact of some common chemical reactions on society and the environment.

Essential Learnings/Expectations/Skills

To be successful in this course you **must** be able to:

- Describe chemical processes and their impact on society, health and the environment.
- Investigate the qualitative and quantitative nature of various types of matter.
- Analyze the physical and chemical properties of various substances.
- Use the scientific method to conduct an experiment, collect and analyze data and write a lab report, making valid conclusions.

Strands:

Strand A: Matter, Chemical Trends, Chemical Bonding

Strand B: Chemical Reactions

Strand C: Quantities in Chemical Reactions

Strand D: Solutions and Solubility

Strand E: Gases and Atmospheric Chemistry

EVALUATION

Final Grade	
Term Work includes: Tests, Laboratory Reports, Projects and presentations	70%
Final Written Exam – 2 Hour Exam	30 %

Refer to the GRCI Web Site www.grc.wrdsb.ca for Assessment, Evaluation and Reporting Policies as well as Academic Honesty and Late Policies.

Procedures

Late and Missing Assignments: It is important for students to develop good personal management skills (such as time management and planning). These skills will be reflected in the **learning skills** area of the report card. It is expected that students will complete and submit all essential tasks as they are the opportunity for you to demonstrate your learning to your teacher.

Attendance: Attendance in classes is an important part of learning, and absences should be avoided. When a student is absent, a parent/guardian must call the school's attendance line on the date of absence, or provide a note explaining the absence for the student to submit the following day. Students are responsible for what they missed during their absence.

Cheating and Plagiarism: It is important for students to do their own best work. Most assignments for this class are done within the classroom, observed by the teacher, and this helps to minimize the chances of cheating and plagiarism. In the event that cheating or plagiarism occurs, the following consequences may be implemented, in consultation with administration, depending on the situation:

1. The student may be required to redo all or part of the assignment or assessment.
2. The student may be required to complete an alternate assignment or assessment.
3. The student's work may be treated as a missed assignment.

There may also be other consequences that are determined to be appropriate (e.g. detention, suspension, etc.) as per the school's progressive discipline process. Parents/guardians will be informed about the infraction and the consequences.

Missed Tests: Students missing a scheduled test will be expected to write a makeup test at a time determined by the teacher; it could be written the day the student returns to school or some time later (to give the teacher adequate time to create a makeup test). Once marked and viewed by the student, the teacher may ask the student to return the makeup test. In this case, a blank copy of the original test will be provided to the student so that it can be used as a resource for exam preparation. To avoid any uncertainty, it is strongly recommended that absences be arranged with the teacher ahead of time whenever possible.

Please refer to the school website: <http://grc.wrdsb.ca/about/policies> for more details on these policies and other academic procedures.
